WEEKLY REPUBLICAN—1897.
DAILY PUBLIC LEDGER—1898.

MAYSVILLE, KY., TUESDAY, MARCH 31, 1903.

ONE COPY—ONE CENT.

TWO SONGS.

The Optimist.
Hurrah for the days that are drawing near,
When the hills will be soft and warm and clear,
With gladness spread o'er the scene;
When the dandelions will bravely glow
Like golden dots on the slopes,
And all of the sweet South winds that blow
Will add to our fondest hopes.

The Pessimist.
Ah, yes! The winter will soon be gone,
And the grass will begin to sprout;
The mower will rattle across the lawn
And the buds will be bursting out;
But after the flowers have bloomed, alas!
The days will keep slipping by,
And the first thing we know it will come to pass
That next winter's snow will fly.
—S. E. Kiser.

Madame Cecilia Epping-Housen Bailey will give a song recital in the lecture room of the First Presbyterian Church Tuesday evening, April 14th.

Mt. Sterling was visited by a big fire Sunday morning, causing a loss of \$50,000. J. F. Tabb's grain and feed store burned, causing a loss of \$30,000, with \$13,900 insurance. Other business houses were damaged, and the loss to the Grand Opera-house is estimated at \$4,500. The Masonic Lodges, including the Blue Lodge, Knights Templar and Royal Arch, which occupied the third floor over Tabb's, lost \$2,000 in regalia, etc., and had \$600 insurance.

Mr. Jacob Helmer, Jr., who has had the smallpox in East Fourth street, has recovered, is out in town, the house has been formaldehyde, the sign taken down, and everything goes "merry as a wedding bell." As this is only one of several cases that has been discharged cured, it is unreasonable to suppose that the average "sensationalist" will start the report that every one of the patients is well. This is one rule that doesn't work both ways.

ALL DEAD NOW!

Last of Three Men Who Came to Maysville For "Lincoln Guns."

The late William Goodloe of Danville was the last of a famous trio.

In the spring of 1861 William Nelson, a native of Mason county and then a Lieutenant in the Navy, was selected by President Lincoln for the difficult task of providing the Union men of Kentucky with arms for their own protection and the defense of the Union cause.

The first shipment into the state was made from Cincinnati to Maysville and was consigned to the late Hamilton Gray, an enterprising and successful merchant, a staunch Union man and a true patriot. They were landed from the boat at night, were received on the wharf by Mr. Gray and other gentlemen, and were at once conveyed to Mr. Gray's place of business, at Second and Sutton streets.

This was the first advent of what were afterward known as the "Lincoln guns," which proved so potent in preventing Kentucky from being forced from her moorings, as had been done in other states.

A few days later Union men came from the interior for their respective quotas of these arms, S. S. Fry, Wellington Harlan and William Goodloe coming from Boyle county. The share of the arms assigned to Boyle was loaded into a wagon, and these three men, Fry, Harlan and Goodloe, each with a gun on his shoulder, walked by the wagon's side as a guard through the streets thronged by an excited crowd, out on the old Lexington turnpike and thence through many a hostile community to Danville.

What's In a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles, For blind, bleeding, itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's, the genuine. J. Jan. Wood & Son.

THAT'S THE LEDGER.

The Rev. T. DeWitt Talmage says—
"A newspaper whose columns overflow with the advertisements of business men has more influence in attracting attention to and building up a city or town than any other agency that can be employed. People go where there is business. Capital and labor will locate where there is enterprising community. No power on earth is so strong to build up a town as newspapers, well patronized, and this power should be appreciated."

THE Kentucky Court of Appeals gave BECKHAM's candidacy a black eye by holding that the Committee had no right to raise the question of the eligibility of any one desiring to become a candidate. The Court also held it had no power to enjoin primaries.

EVIDENTLY, says The Commercial Tribune, the Court of Appeals believes that the sole tribunal in Kentucky vested with the right and the power to determine the question of eligibility is the Legislature, and, equally evident, Governor BECKHAM doesn't like the outlook. Whether he will continue his determination to make the race depends on many things. He is undoubtedly the strongest man of his party in Kentucky—or would be if the Court of Appeals had construed the eligibility provisions of the Constitution of the state. If, as has been suggested in many quarters, Judge CANTRELL will fall heir to the succession of the machinery of the party, should BECKHAM quit the race, there will be a picnic in the gubernatorial race in which the opening and distributing of the hampers would not be committed to the hands of that noted member of the Kentucky judiciary.

FORCE MAKES GOOD LIVING EASY

Seven cotton mills at Lowell, Mass., shut down indefinitely on account of trouble with the textile unions. Seventeen thousand persons are idle.

A mail pouch containing \$100,000 in checks was found in a cornfield near Springfield, Ill. It had been stolen from Springfield Junction a few weeks ago.

San Miguel, the Filipino leader, was killed in a fight near Marikina. His body has been identified and delivered to his relatives for burial. He was the last unreconciled insurgent.

CAN'T EVADE IT.

Positive Proof From Maysville Can't Be Brushed Lightly Aside.

The reader is forced to acknowledge that convincing proof from people in this locality is pre-eminently ahead of indorsements from everywhere else in our Republic. Read this:

Mr. John H. Fansler of 209 East Fourth street says:

"It is most pleasing to learn of a remedy which does all that is claimed for it when there are so many whose merits exist only on paper. I know that Doan's Kidney Pills are a valuable and reliable remedy, and this fact is substantiated by ample proof from their personal use. I procured the remedy at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets."

For sale by all dealers. Price 50c. Mailed by FOSTER-MILBURN CO., Buffalo, N. Y.

Sole Agents for the United States. Remember the name—DOAN'S—and take no substitute.

THE Fiscal Courts of seventy-five counties in the state will meet on April 7th, and at this meeting a proposition will be made to them to make an appropriation towards the fund for a Kentucky Building and Kentucky exhibit at the Louisiana Purchase Exposition. This county is one of the seventy-five. It is to be hoped that this matter will be taken up by the Magistrates and given full and favorable consideration. This is a work that concerns the entire state. Mason county is as deeply concerned as any, and cannot afford to be remiss in doing its share.

The Kentucky Exhibit Association has laid plans which, if carried out in full, will give the state the finest advertisement of its resources and products it has ever had. It has secured space many times larger in each department than the state had at the Chicago World's Fair; it has already begun the work of collecting exhibits; it has selected a design for a handsome State Building; it is pushing its work in every way, and the people of the state cannot afford to be backward in doing their share. The gentlemen connected with the Association are doing this work for nothing—purely out of their interest in seeing the state well represented, at what it is now assured will be the greatest of all the World's Fairs. THE LEDGER believes Mason county will be found in line with the other progressive counties of the state in helping this good work.

Oliver

Gave to the world the Chilled Plow. The magical word Oliver is a guarantee of quality.

Mr. Oliver still controls the chilling process that has made the Oliver Plows so famous. Every genuine Oliver Plow Point or other repair has Mr. Oliver's name stamped upon it, and this name certifies that that piece is double chilled and will scour free and last almost twice as long as a part chilled in the imitation way. Notice one peculiarity of an Oliver Plow: Note this well, for it means much to you—An Oliver Plow also includes the Cutter. When you put on an Oliver Plow you have an entire new cutting surface; you virtually have a new plow. Upon other plows the point and cutter are separate, and you have to buy two parts at double the expense to secure a new cutting surface. Remember this, please: Oliver parts all fit nicely. An Oliver Plow fits just as nice as the first one that was put on the plow. Oliver Mouldboards, Standards, Landsides all fit; your Oliver Plow works just as nicely when it is ten years old as it did the first year. We ask you to candidly say if this is the case with any other plow on earth. When you spend your money get all you can for it. The most value that a man gets in anything is an Oliver Plow. Oliver Plows are absolutely guaranteed.

SEVERE KNOCK-OUT BLOW.

Auditor's Agents Get a Black Eye in Frankfort Court.

The Active Tax-Gatherers Learn Something New in Recent Decisions.

The Auditor's Agents in the different sections of the state are considerably knocked out over a point just discovered by some of them in the opinion delivered a day or two ago by the Court of Appeals in the tax case of the Chicago, St. Louis and New Orleans Railway Company against the Commonwealth, on appeal from the Ballard Circuit Court.

The suit was to secure the assessment of omitted property for the years 1893 to 1899.

The Appellate Court reversed the lower Court's judgment and dismissed the proceeding, holding that the property sought to be assessed, which was the Cairo bridge, was not separable from franchise tax purposes from the other property of the Railroad Company owning and operating it. The Court also held that the five-year statute of limitation applies.

The Court on this point says that Section 4021 of the Kentucky Statutes recognizes, as does the act of 1890, that the right to assess omitted property is limited to five years from the time when it should be assessed.

In numerous instances Auditor's Agents have sought to assess property for periods dating ten years back, and in several instances for longer periods, and these actions are now pending in the lower Courts.

In a case in Franklin county Agent Briggs has filed information seeking to subject to taxation for a period of twenty years back \$40,000 in Gas Company bonds held by the city of Frankfort, and for the same period certain rents collected by the city. The opinion of the Court was delivered by Judge O'Rear.

The Court reaches the same conclusion in the case of the Commonwealth, by its Agent, against Mahala Nuts, from the Fleming Circuit Court, opinion delivered the same day in an individual suit. This opinion was delivered by Judge Nunn.

The Stomach Is the Man.
A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. J. Jas. Wood & Son.

Defense Against Germs

All infectious diseases are germ diseases. The germs thrive wherever there is dampness and decay. The best defense against them is to make the home so sanitary that germs cannot get a foothold. All sinks, drains, cellars, closets and other danger spots must be kept thoroughly disinfected.

We have all the reliable fumigators and disinfectants. Each has its appropriate use. The quality of everything we supply is the highest and the price is right. Can give you any special information you need.

APPETITES

Created and Maintained by Vinol.

THAT THE FOOD IS DIGESTED IS ALSO EQUALLY NECESSARY.

We Recommend Vinol as an Appetite Creator.

WE GUARANTEE THAT VINOL WILL AID DIGESTION.

Vinol is the greatest aid to digestion that we have ever known.

It is because Vinol acts so beneficially upon the stomach that it accomplishes so much good.

Vinol contains the active curative principles that are found in cod-liver oil, without any oil or grease. These medicinal elements act so favorably upon the stomach, that this organ obtains for itself the elements necessary for creating new flesh, muscle tissue and for making rich red blood.

When the stomach acts easily and naturally, a desire is created for good simple food and a good appetite is the sure result.

With cod-liver oil as formerly taken the medicinal elements which it contained were too often unable to counteract the harm that was done by the obnoxious grease that enveloped them.

Now that in Vinol we have those same elements separated from the vile-tasting fat, we have a tonic and re-builder that is simply marvelous in its action.

The following is a letter that will explain itself:
"This is to certify that I have used six bottles of Vinol, and have found it of great value as an appetizer and tonic in general debility. I have received so much benefit from its use that I gladly furnish this testimonial in order that others may be induced to give it a trial and prove to themselves its recuperative powers."—Mrs. ELIZABETH FEENEY, Waterbury, Conn.

We want every one in this place to know more about our Vinol, how it cures and what it cures. Certainly the greatest tonic and re-builder we have ever sold.

We, therefore, cordially invite any one interested to call upon us, and we want all to bear in mind that we will gladly refund to any one who is not satisfied with the action of Vinol every cent they pay for it.

A Remarkable Case.

One of the most remarkable cases of a cold, deep seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 145 to 95 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." J. Jas. Wood & Son.

River interests are remonstrating against William Michay's application for a saloon to be located about 350 feet from Government Lock No. 3, Monongahela river. They claim that the place will be so close to the river that it will attract roustabouts from the steamers while the craft is being locked and will thus cause great annoyance.

SMALLPOX!

WHEREAS, Smallpox has existed in Mason county at short intervals for the past four years, and, although repeatedly stamped out, by the co-operation of the health and fiscal officials, has been reimported from other states and sections and gained new footholds because so large a per cent. of our people have failed to comply with the law requiring everybody to be vaccinated; and

WHEREAS, Smallpox now exists and is becoming epidemic in Maysville and other sections of the county, and every unvaccinated person is a menace to the health, lives and business interests of the entire county;

Now, therefore, be it known, That the Mason County Board of Health, in the exercise of authority vested in it by law, hereby requests and directs every unvaccinated person in this county to have himself or herself, and all children, wards or other persons dependent upon them, to be vaccinated at once; and requests and directs that every person whose mark is over five years old to be re-vaccinated at once; and on and after April 8, 1903, it hereby places every house in Mason county which contains any person or persons who have not been successfully vaccinated within five years last past in close quarantine; and it forbids any person to attend any school in this county, as teacher or pupil, or to go to any Church or other public assembly, or to go upon any street, highway or road who has not been successfully vaccinated within five years; and it forbids any person or corporation to employ or to permit on its premises in this county, as tenant or employee, any person who has not been successfully vaccinated within five years. The county will provide the virus and will pay for the vaccination of all persons who are unable to pay for the same if they will apply in person to the physician in their Precinct or to the Health Officer.

HALF A MAN.

When a man is sick and can only work half the time he is practically half a man. It requires his whole physical energy to do half a man's work.

In general the weak run down condition which cuts the strength and energy in half is due to disease of the stomach and other organs of digestion and nutrition. You could not expect a half starved man to work more than half the time. The condition of the man with weak stomach is that of the half starved man. He is weak through lack of nutrition.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect nutrition of the body and so restores the strength.

"I had stomach trouble from birth," writes Mr. Willis Seaman, of Washingtonville, Orange Co., N. Y., "and suffered with it more or less as I grew up. At the age of 25 I was broken down with dyspepsia. My suffering was terrible. Could not eat without distress. Could only eat a few certain things and was not able to work half the time. Every thing I tried only gave me temporary relief. My wife finally persuaded me to try Dr. Pierce's Golden Medical Discovery and Pleasant Pellets. I then felt so well that I stopped taking medicine. Several months have passed and I can do the hardest kind of work, can eat anything that is set before me and enjoy it. I am 27 years old and this is the first time I have ever been well."

Dr. Pierce's Pleasant Pellets cure constipation.

Paine's Celery
Compound

The Spring Fortifier and Clean-
ser, Prolongs Life.

Paine's Celery Compound is today the most
reliable and most successful spring medicine
in the world. The present enormous demand
is the best proof of its popularity. It has
almost entirely displaced the common remedies
in pill and liquid forms once so common, and in
many respects so dangerous to health.

Paine's Celery Compound has been marvel-
ously successful for the simple reason that in
every instance it accomplishes more than is

W. H. LADD,
Of Allisoma, Tenn.

claimed for it. It is the one spring remedy
that physicians and the best people endorse.
Men and women of wealth and high social
position, able to command the services of the
most eminent medical men, use Paine's Celery
Compound in springtime, having full confidence
in its virtues. The experience of tens of
thousands have proved that it is wise to use
Paine's Celery Compound in the early spring
days for the banishment of rheumatism, neu-
ralgia, dyspepsia, nervousness and insomnia.
Paine's Celery Compound is, *par excellence*,
the great blood purifier; it increases the con-
structive capacity of the vital fluid, nourishes
the tissues and builds up the body. Mr. W.
H. Ladd of Allisoma, Tenn., says:—

"For several weeks before I commenced using
Paine's Celery Compound I had a tired and all
gone feeling, my blood became impure, and I
was daily losing flesh. One of my friends
advised me to use Paine's Celery Compound,
and I got relief from the first bottle. I am
glad to recommend it to all suffering humanity.
I believe it has prolonged my life. I am now
seventy-two years old."

CLOTHING TALK!...

There is something about the Hart, Schaffner & Marx Clothing by
which you may identify them even more certainly than the label. It goes
into them before the label. It is a style, a quality, a tailored-by-hand touch
to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about
them never found in other clothing. The fact that we can't define it doesn't
make it any less real. You can see it without fully realizing what it is. We
can't show it or tell you fully about it until you wear the clothes. Then we
won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite in-
spection and comparison of both goods and prices.
OUR MERCHANT TAILORING DEPARTMENT, under the supervi-
sion of Mr. Charles F. McNamara, is the only one in the city paying Union
prices and having all work done at home. Ask to see one of our made-to-
measure Suits. You can get them cheaper elsewhere, but not like ours.

Let us show you our new Shirts, new Hats, new Neckwear, etc., etc.

ECONOMY

IS WHAT THE TIMES DEMAND.

Money saved is the easiest money made. You may wear cheap clothing and be respectable, but
you can't eat impure and unwholesome food and be healthy for any length of time. So when it
comes to buying supplies for your table it is economy to buy the best. My annual CUT PRICE sale
for CASH is now on, and when I say cash price that is what it is.

I am now rounding up my twenty-third year in Maysville. During that entire time I have
worked hard and incessantly to build a trade for first class goods and to establish and hold a reputa-
tion for honorable and fair dealing. My success in business has proved to me that I have not worked
in vain. My business has steadily increased from the beginning. I intend to continue in the same old
way. For your very liberal support you have my most sincere thanks, and I most respectfully ask
for a continuance of same. I want country people when in our city to visit my store and make it
their headquarters. You are always welcome.

Remember, I run two delivery wagons, and it is always a pleasure to deliver goods.
If you can't come to the store call up.
